Designated as one of ten All American Cities, and being named America's Safest City for two consecutive years, Newton is considered to be one of Massachusetts' best managed communities. While claiming a larger population than many of Boston's suburbs, Newton is also designated as the "Garden City" for its lush and attractive cityscape. Fourteen villages comprise this highly desirable city, each one offering excellent schools and wonderful outdoor recreation. The amenities include Crystal Lake, three golf courses, and a wide selection of parks. Ballfields, playgrounds, and a sports complex with pool, gym, and indoor track are also available. Housing ranges from elegant mansions and vintage Tudors and colonials to two-family homes and condominiums. Commuters can look to MBTA Green Line and commuter service for easy access to Boston. In addition to pace-setting public schools, the area is home to a selection of private schools.
